1. We add 1 CT Class of 40 students every year until 2021.
2. We add 1 CSH Class of 40 students every year until 2024.
3. We add only in SHS because they are stronger, and for us to accept outsiders as well.
4. We can still find space by dividing the big classrooms into two. Less storage room.
5. We lose big rooms.
6. More students, we need additional teachers.
7. Two CSH classes will maximize the preparation of teachers of the CSH track.
